Why I am AWESOME for YOU!

As a student at UVU, I was the **DIRECTOR** of the award winning animated short film 'Invalid Pin' (Award of Excellence from Best Shorts Competition, 2015). I also contributed to the project in the following capacities: **CHARACTER DESIGNER**, **STORY ARTIST**, **ANIMATOR**, & **VFX** work.

Also as a student at UVU I was the **LEAD GAME DESIGNER** for the award winning game, 'CyberDino' (Best Student Work award from the PushButton Summit, 2014).

I also contributed to the project in the following capacities:

UI ARTIST, **3D ANIMATOR**.

In addition to this, I have a great understanding of project management and pipelines from my work on these projects. I currently work on other **MOTION GRAPHICS**, and **ANIMATIONS** in my free time.
